Response to Amendment

1. Responsive to RCE and amendment, dated April 09, 2004, new claims and amended claims are entered as requested.
2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because informal drawings were submitted. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Reasons for Allowance

3. Claims 2-9, 11-32 are allowed over prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

The closest prior art of record, Schulte-Kellinghaus, Herman (US 6,510,322) fails to disclose the inventive method steps of "reading reservation record from home location register (HLR), prior to reservation time, validating for access if user is authorized and moving the validated reservation record to visitor location register (VLR)", as claimed in the independent claims 11, 17, 18 and 19 of the instant application.
